One shot cah me need it bad

Three shots make me bun out me job
When me look 'pon me check

Fourth shot fi bring in party season
Fifth shot me take just for no reason

Hold a vibes and burn the marijuana - hey
Right cha now
Me ready fi go turn it up
Gimme the rum with the chaser

This night's going down in history
Nobody can come talk shit to me
'Cause all me need is some girls and weed
And a lil bit a liquor and me dogs weh close to me
