My girl, you're cool like the other side of the pillow  
One in a million girl, you're a killer  
Man all a travel the world only fi see you  
And every man have something they waan give you  
Gyal, mi say, a you  
You own the car and the villa  
Dem other gyal only beg people dinner  
And you no follow-follow trend 'cause you inna your own  
And top down inna the Beemer

Gyal, man a run you down 'cause you a lead and a watch too  
Girl, you top of the chart  
But you know say it's me that a take your heart  
Tell dem fi try, but dem can't ever see we part  
Gyal, when me hold you pon a rainy night and me a tear down the wall  
When you buss, me a just a start  
Whine up pon me like we a carnival a Trinidad  
Move your body's waistline, girl, you know you're bad  
And you got me mad too

'Cause every man a road waan have you  
Dem ready fi do anything dem have to  
That's why a to the world me a brag to  
'Cause I got you, I got you  
Dem other gyal deh alright, but no, dem not you  
No pay dem no mind when dem a chat you  
No matter what, dem still can't stop you  
'Cause I got you, I got you

Gyal, you're hot, hot like a Scotch Bonnet pepper  
When a move through the street you a stepper  
Go pon your level, dem deh gyal yah coulda never  
Out of the whole of dem, a you alone me prefer  
Gyal, you're clean like mi tailor made suit weh just pressed  
When you step up pon the road, you're ever fresh  
Everything a name brand, nothing less  
You done know the rest

Gyal, you know a whole heap of man dem all a run you down 'cause you a lead  
and a watch too  
Girl, you top of the chart  
But you know say it's me that a take your heart  
Tell dem fi try, but dem can't ever see we part  
Gyal, when me hold you pon a rainy night and me a tear down the wall  
When you buss, me a just a start  
Whine up pon me like we a carnival a Trinidad  
Move your body's waistline, girl, you know you're bad  
And you got me mad too
