

The Bump

Commodores

Bump my bone, I'll bump your bone
Come on baby, let's get it on
Bump my front, I'll bump your back
If you bump my side, I'll bump you right back
Do the bump, do the bump baby
Bump it high, now bump it down
But before you, oo you gotta all
If round if by chance, you miss the beat
Just listen to the music, and pay your feet
Do the bump, do the bump baby

Come on and bump, bump, bump, bump, bump
Come on and bump, bump, baby bump
Come on and bump, bump, bump, bump, bump
Come on and bump, bump, baby bump
We gonna bump oh bump

We gonna bump, bump, bump, bum-bum bump
We gonna bump, bump, bump, bum-bum bump
We gonna bump, bump, bump, bum-bum bump
Do be do do be do do bump, bump, bum-bum bump
Let me see you do the bump
Let me see you do the bump
