

# I Can't Get Used to Being Lonely

Connie Smith

I've got to get used to being lonely and get used to knowing da  
rling that you're gone  
But how can I prepare myself without you when I can't get used  
to being all alone  
I've got to get used to being lonely and say this is the last d  
ay of being blue  
But how can I look forward to tomorrow  
When I can't get used to knowing I've lost you  
For things to change I must have you to change them  
Cause I'm not own I don't have fate in me  
But loneliness is all I have without you cause I can't get used  
to being this lonely

For things to change...
