

# Surely

Connie Smith

Surely I'm still on your mind just a little bit  
Surely there's a mem'ry that you can't forget  
How can a love so strong suddenly just fade and die  
There must be a reason why darling surely

I wanted very much to make you love me and I tried every way th  
at I knew how  
And I just can't walk away with a mem'ry when I love you more t  
han ever right now  
Surely I'm still on your mind...  
Oh there must be a reason why darling surely
