

That's The Way Love Goes

Connie Smith

I've been throwing horseshoes over my left shoulder
I've spent most all my life searching for that four leaf clover
Yet you run with me chasing my rainbows
Honey I love you too and that's the way love goes
That's the way love goes babe that's the music God made
For the whole wide world to sing it never gets old it grows
Losing makes me sorry you say honey now don't you worry
Don't you know I love you too and that's the way love goes
That's the way love goes babe.
