

# Blue Is The Way I Feel

Conway Twitty

Blue, blue  
Is the way that I feel  
Since you've gone.

I was wrong, so wrong  
When I told you our love was deep  
I was wrong for so long.

Should have known your love  
Was the only love for me  
I told your love  
I was wrong for so long,

Blue, blue  
Is the way that I feel  
Since you've gone.

Let it come  
Where you'll find  
In you heart  
To forgive me  
For hurtin', for hurtin' you

If you do please come back  
And I'll love you forever  
Forever my love will be true.

Blue, blue  
Is the way I feel  
Since you've gone...
