## **Even A Fool Would Let Go**

## **Conway Twitty**

It's funny how love goes cause I know this could never work out But honey how love grows even though there's no reason to doubt This can never be you keep saying it's wrong

Neither one of us is free still I wanna hold on

When even a fool would let go cause he knows there's no use in trying

Even a child would say no when he knows he'll end up crying Tell me now is it wise holding you when even a fool would let g  $\circ$ 

My love has no reason like the words in a song that don't rhyme My love got no season I just know that it's there all the time Maybe just you and me I can't believe that's wrong Thinking about you and me makes me wanna hold on But even a fool would let go...
When even a fool would let go...
