

Funny

Conway Twitty

Well, I just saw you out with another
And I watched as you held his hand
It seems funny to see you with him instead of me
Funny but I'm not laughing.

Then I heard you say it's all over
That you never loved me anyway
That the things we had done were only in fun
Funny but I'm not laughing.

Then I turned away so my eyes couldn't see
His arms were around you where mine used to be.

You would have laughed if you'd have only seen me
Yes, I guess, I was a funny sight to see
Standing there on the street
With my heart at my feet
Funny but I'm not laughing.

Funny but I'm not laughing...
