

Hero For A Day

Conway Twitty

Lady, you need a lover
Someone to take you and love you all the way
I know you long for that feelin'
For a man to be stealin' your heart away
You need a hero for a day.

You'll never be missin' the moments when we're kissin'
I'll never steal your love away
Just let me borrow one memory for tomorrow
I'll be your hero for a day.

Lady, you need a lover
Someone to take you and love you all the way
Let me be the hero
A place where you can go
Let me be your hero for a day
Lady, I'll be your hero...
