

## Judge Of Hearts

Conway Twitty

Please, please, judge of hearts  
Please don't let me lose  
Each time I play the game of love  
I get left with the blues.

I've tried, oh, how I've tried  
But I can't make her see  
Judge of hearts make her understand  
What she means to me.

Don't sentence me to live my life  
In this prison of broken hearts  
Please help me to win, in this game of love  
'Cause I could never ever make another start.

Judge of hearts, if you'll make her mine  
I swear to be true  
I've said all that I can say  
Now it's all up to you.

Don't sentence me to live my life  
In this prison of broken hearts  
Please help me to win, in this game of love  
'Cause I could never ever make another start.

Judge of hearts, if you'll make her mine  
I swear to be true  
I've said all that I can say  
Now it's all up to you...
