

Where I Belong

Cory Asbury

Your presence is all I'm longing for
Here in the secret place
Your nearness is all I'm waiting for
Here in the quiet place
And here in the secret place

My soul waits for you alone
Just like the watchmen wait for dawn
And here I've finally found the place
Where we'll meet, Lord, face to face

I've finally found where I belong
I've finally found where I belong, in your presence
I've finally found where I belong, Lord
To be with you, to be with you

I've finally found where I belong, yeah
I've finally found where I belong, in your presence
I've finally found where I belong, Lord
To be with you

Your presence is all I'm longing for
Here in the secret place
Your nearness is all I'm waiting for
Here in the quiet place
And here in the secret place

My soul waits for you alone
Just like the watchmen wait for dawn
And here I've finally found the place
Where we'll meet, Lord, face to face

I've finally found where I belong
I've finally found where I belong, in your presence
I've finally found where I belong, Lord
Just to be with you, to be with you

I've finally found where I belong, yeah
I've finally found where I belong, in your presence
I've finally found where I belong, Lord
Just to be with you, yeah

For I am my Beloved's and He is mine
So come into your garden and take delight in me
And take delight in me

And I am my Beloved's and He is mine
So come into your garden and take delight in me, Lord
And take delight in me
'Cause I am...

And I am my Beloved's and He is mine
So come into your garden and take delight in me
And take delight in me

Delight in me, delight in me
Delight in me, delight in me

Delight in me, delight in me
Delight in me, delight in me

Here in Your presence, God, I find my rest
Here in Your presence, God

Here in Your presence, God, I find my rest
Here in Your presence, God
