

## Sparks After The Sunset

Cosmic Gate

I see the lightning in this place where we are  
I feel the energy  
I've been a cold ice without you  
but now my heart is open  
to these flames right  
Is higher about the smooth

Will you feel  
The sparks after the sunset  
And stay close  
To see the fire burn  
See the fire burn

Will you feel  
The sparks after the sunset  
And stay close  
To see the fire burn

Will you stay  
and wrap your arms around me  
And stay close  
To see the fire burn  
See the fire burn

Will you feel  
The sparks after the sunset  
And stay close  
To see the fire burn

Will you stay  
and wrap your arms around me  
And stay close  
To see the fire burn  
See the fire burn
