

Remission

Courage My Love

Party to party
I can't get you off me
Off of my chest
Out of my head
God I'm a mess, babe

You used to want me
Had my heart between your teeth
Clawed your way in
Under my skin
Came and you went yeah

20-20 vision
See it from a distance
Everything is different
Different now

That's in the beginning
Thought you was the ending
Wanna start again

But I don't know how to
Get you out of my system, I
Think of you when I'm with him, I
Think of you when I'm with him, I
But I don't know how to
Get you out of my system, I
Medicate my condition
Wanna go into remission
I wish that I could
But I don't know how to

Heartbeat to heartbeat
Straight through, an IV
Into my veins
Into my brain
Baby, you change me

20-20 vision
See it from a distance
Everything is different
Different now

I don't want a relapse
Don't want to want you back
Gotta start again

But I don't know how to
Get you out of my system, I
Think of you when I'm with him, I
Think of you when I'm with him, I
But I don't know how to
Get you out of my system, I
Medicate my condition
Wanna go into remission
I wish that I could
But I don't know how to

Fine, I feel better by now
But I don't even know myself
Tell me how to be somebody else
Still a slave to the way I felt

But I don't know how to
Get you out of my system, I
Think of you when I'm with him, I
Think of you when I'm with him, I
But I don't know how to
Get you out of my system, I
Medicate my condition
Wanna go into remission
I wish that I could
But I don't know how to
Get you out of my system, I
Think of you when I'm with him, I
Think of you when I'm with him, I
But I don't know how to
Get you out of my system, I
Medicate my condition
Wanna go into remission
I wish that I could
But I don't know how to
