

# Rock All Night

Court Yard Hounds

Here you come now and take my hand  
We're gonna go see the tattooed man  
Some roller coaster medicine  
We'll bum a ticket so they'll let us in for the ride

Rattlesnakes hide in the parking lot  
They offer us a taste of what they've got  
But I've got music to get me high  
We go crazy when they turn out the lights  
And we fly... yeah we fly  
We're gonna rock all night

We'll do anything just to feel alive  
Life is like a Himalayan ride  
Gonna rock all night

Something 'bout guitar players makes me hot  
I wanna see 'em sweat and give it all he's got  
But even when he's marking time  
All the girls are gonna say he's fine  
but he's mine... get in line... we're gonna rock all night

We'll do anything just to feel alive  
Life is like a Himalayan ride  
Gonna rock all night

Strap me in tight, turn the music up  
Flood of memories where I first fell in love  
Cotton candy kiss on the Himalaya ride  
Carny starts it slow, we start to move  
I slide to you and here we go

We'll do anything just to feel alive  
Life is like a Himalayan ride  
Gonna rock all night

Yeah... we'll do anything just to feel alive  
Life is like a Himalayan ride  
Gonna rock all night... turn it up, turn it out,  
turn around  
We're gonna rock all night
