

# Beast On The Mic

Cowboy Troy

I'm a beast on the mic, can't get no satisfaction  
Step aside, 'cause it's time for some action  
I'm a hick rhyme sayer with a kung fu grip  
I get the job done instead of talkin' 'bout it

Early in the mornin', I'm up and I'm out  
Hopin' one day my album goes platinum  
Rockin' that mic so viciously  
Deliciously, not maliciously

When atmospheric pressure and vapor pressure converge  
There's a party surge, so I must emerge  
Get the people hyped and keep going nonstop  
Knock the party off the meter when the bass line drops

I'm a beast on the mic, can't get no satisfaction  
Step aside, 'cause it's time for some action  
I'm a hick rhyme sayer with a kung fu grip  
I get the job done instead of talkin' 'bout it

Ichini-nichi-ju, Ichini-nichi-ju  
Kuroi Amerikajin yoru

The last of the Brohicans is speakin'  
The one that you turn to each and every weekend  
Risin', peakin' while the bump is beatin'  
Don't turn back, no retreatin'

You can see my vision, you can feel my force  
Time to hit the trail, boy, the mic is my horse  
I tantalize and tickle your tympanic with my English  
Smile as you listen to the ruckus

As I bring this mic, can't get no satisfaction  
Step aside, 'cause it's time for some action  
I'm a hick rhyme sayer with a kung fu grip  
I get the job done instead of talkin' 'bout it

Ichini-nichi-ju, Ichini-nichi-ju  
Kuroi Amerikajin yoru  
All day long, all day long  
Cowboy Troy bringin' you this song  
All day long, all day long  
Cowboy Troy bringin' you this song

I'm comin' with the best and fresh from out west  
Bus driver takin' you to school to pass the test  
See, I'm lyrically hypnotic, at times even psychotic  
Neurotic, bionic and it may leave you catatonic

I'm a beast on the mic, can't get no satisfaction  
Step aside, 'cause it's time for some action  
I'm a hick rhyme sayer with a kung fu grip  
I get the job done instead of talkin' 'bout it

I'm a beast on the mic, can't get no satisfaction  
Step aside, 'cause it's time for some action

I'm a hick rhyme sayer with a kung fu grip  
I get the job done instead of talkin' 'bout it
