

Hey, hey, it's okay  
To make a little mess out of your life  
'Cause you don't need a diagram  
To tell you how to have a good time

I said, hey  
(Hey, yeah, yeah, yeah)  
Don't mean to frighten you away  
This is Crackersoul, it comes so easy

I said, hey  
(Hey, yeah, yeah, yeah)  
Don't get your head a mess  
This is just the best, when it comes easy  
It comes so easy

Hey, hey, it's okay to  
Never know the answer but ask why  
(Why, oh, why?)  
You don't need another burden  
Come and party with your spirit guide

I said, hey  
(Hey, yeah, yeah, yeah)  
Don't get your head a mess  
This is Crackersoul  
It comes so easy

I said, hey  
(Hey, yeah, yeah, yeah)  
Don't get yourself distressed  
Leave it for the rest, it comes so easy  
It comes so easy

I said, hey  
(Hey, yeah, yeah, yeah)  
Don't mean to frighten you away  
This is Crackersoul, it comes so easy

I said, hey  
(Hey, yeah, yeah, yeah)  
Don't get your head a mess  
This is just the best, when it comes easy

I said, hey  
(Hey, yeah, yeah, yeah)  
Don't get yourself distressed  
Leave it for the rest, when it comes easy

I said, hey  
(Hey, yeah, yeah, yeah)  
Yeah, don't mean to frighten you away
