Reasons To Quit

Reasons to quit: Smoke and booze don't do me like before And I'm hardly ever sober And my old friends don't come 'round much anymore Reasons to quit: The low is always lower than the high And the reasons to quit Don't outnumber all the reasons why

So we keep smoking, and we keep drinking, Having fun, and never thinking, Laughing at the price tag that we paid And we keep rolling down that fast lane

Like two young men, feeling no pain And the reasons for quittin', getting bigger each day

Reasons to quit: I can't afford the habit all the time I need to be sober, Need to write some new songs that will rhyme Reasons to quit: I have no rhyme or reason when I'm high And the reasons to quit Don't outnumber all the reasons why

And the reasons for quittin', getting bigger each day
