

Waiting For You Girl

Cracker

I'm living up near Fresno
Just up Highway 99
Won't you come and pay a visit
I'm here all the time

I'm still here waiting
Waiting for you girl
I'm still waiting
Waiting for you girl

I could wander up to Phoenix
Get a good construction job
If the sunstroke, it don't kill me
the meth amphetamine will

But I'll still be waiting
Waiting for you girl
I'll still be waiting
Waiting for you girl

I'm still waiting (I'm still waiting)
I'm still waiting
(I'm still) Waiting for you girl

I'm still waiting (I'm still waiting)
I'm still waiting
(I'm still) Waiting for you girl

This once was an ocean
Or should I say an ocean floor
It should all be a desert
And it shall be once more

But I'll still be waiting
Waiting for you girl
Yeah, I'll be here waiting
Waiting for you girl

I'm still waiting (I'm still waiting)
I'm still waiting
(I'm still) Waiting for you girl

I'm still waiting (I'm still waiting)
I'm still waiting
(I'm still) Waiting for you girl

I'm still waiting (I'm still waiting)
I'm still waiting
(I'm still) Waiting for you girl
