

# Unbelievable

Craig David

Always said I would know  
where to find love  
Always thought I'd be ready  
and strong enough  
But sometimes I just felt  
I could give up  
But you came and you changed  
my whole world now  
I'm somewhere I've never been before  
Now I see... what love means

It's so unbelievable  
and I don't wanna let it go  
It's something so beautiful  
flowing down like a waterfall  
I fell like you've always been  
forever a part of me  
And it's so unbelievable  
to finally be in love  
somewhere I never thought I'd be

In my heart, in my head  
It's so clear now  
Hold my hand  
You've got nothing to fear now  
I was lost  
and you've rescued me somehow  
I'm alive, I'm in love  
you complete me  
And I've never been here before  
Now I see.. what love means

It's so unbelievable  
and I don't wanna let it go  
It's something so beautiful  
flowing down like a waterfall  
I fell like you've always been  
forever a part of me  
And it's so unbelievable  
to finally be in love  
somewhere I never thought I'd be

When I think of what I have  
And this chance I nearly lost  
I can't help,  
but breakdown...and cry  
oh yeah  
breakdown and cry  
oh  
oh yeah

It's so unbelievable  
and I don't wanna let it go  
It's something so beautiful  
flowing down like a waterfall  
I fell like you've always been  
forever a part of me

And it's so unbelievable  
to finally be in love  
somewhere I never thought I'd be  
Now I see... what love means
