

# Wonderful Things

Cranes

Wonderful things can happen  
Wherever you are  
Wonderful things can make you  
Reach out for the stars...

Walking around  
Got to keep my eyes open, you see?  
Walking around  
Got to keep my mind open until...

Wonderful things can touch you  
And I know they will  
Thing that will make you happy  
And peaceful and still

But what if my eyes were sleeping  
And they never saw?  
What if I lost my way  
And I began to fall?

I'd lose sight of the things  
And all of the dreams that we longed for  
But all of it's meant for us  
We'll find our way for sure...

Wonderful things can happen  
Wherever we are  
Sometimes our thoughts can stop us  
But this time we've come too far...
