

You See That House?

Crash Test Dummies

You see that house
That's over there
That's quite a house
That's standing there
I have the keys
Would you like to see inside

Oh yes, I would
I've heard it's very nice
I've heard about
The lovely bathroom tiles
So nice and cool
To lay upon and rest your cheek

That's very good
You are correct
Perhaps you know
Or just suspect
That there may be
Other special features as well

Oh, Mr. Man
Now don't you tease me
You know to well
How you could please me
And could we go
To the famous trophy room

Well I see you know
More than I thought you did
I think I have a room
Where you gonna like it
So take my hand
Come down to the cellar with me
