

Crime Wave

Crime

We belong to the crime wave
Nobody from your wave
Don't care about new wave
Yeah-yeah we're the other wave

Don't you come around here, tryin' to bring us down
We're the crime wave baby with the deadly sound
We're the crime wave

We all dig gangland
Nobody from winterland
Yeah baby I like your lips
Yeah-yeah-ya make me flip

But we don't like 'em, we don't like 'em
We don't like the way they look at us

Don't come around here tryin' to bring us down
We're the crime wave baby with the deadly sound
We're the crime wave
