

Tomorrow

Cross Canadian Ragweed

What are all the people sayin'
About you and me when it went south?
I bet they're sayin' that we both went crazy
They can't shut their mouth

What the hell were we even thinkin'
To get ourselves in such a bind?
Conversation and drinkin'
It should be a crime

We can't take this for much longer
We don't need this, we've grown stronger
Tell me, baby, we can change things
Hey, hey lady what tomorrow brings

Stop all the hatin' and pretendin'
Stop the music and stop the press
This back and forth, it's never-endin'
Why don't you give it a rest?

Time gives and time is taken
Time is not the friend we thought we had
The hour's late and the clock is tickin'
It can't be that bad

We can't take this for much longer
We don't need this, we've grown stronger
Tell me, lady, we can change things
Hey, hey baby what tomorrow brings

Hey, hey everybody
Step back and take a look around
Stand up and draw back the curtain
Play it to the crowd

Hey, hey everybody
Hey, hey everybody
Hey, hey everybody
