

# Stomp

Crossin Dixon

It takes guts to mount up  
On the back of a big cus  
Getting tore up from the floor up  
I'm gonna push my luck

Pull the gate and try to make  
8 on an earthquake high stakes  
That makes your bones ache  
Hey hey

And I'm losing all control  
You know I'm gonna stomp kick  
I gotta get a good grip  
Set it off like a rocket, yeah  
I'm going to the moon and back again

Baby what a wild trip  
I'm crackalacking like a bullwhip  
I'll tie it down with a tight fit, yeah  
And it's a rock and roll rodeo  
You know I'm gonna stomp, yeah

Like a whirlwind, gonna spin chock full of adrenaline  
So kick it in, here we go again  
Oh like nitro, gonna blow up like pryobaby  
Before the big show, comin' like a domino  
What a way to go

The crowd is losing all control  
You know I'm gonna stomp kick  
I gotta get a good grip  
Set it off like a rocket, yeah  
I'm going to the moon and back again

Baby what a wild trip  
I'm crackalacking like a bullwhip  
I'll tie it down with a tight fit, yeah  
And it's a rock and roll rodeo  
You know I'm gonna stomp

You know I'm gonna stomp kick  
I gotta get a good grip  
Set it off like a rocket, yeah  
I'm going to the moon and back again

Baby what a wild trip  
I'm crackalacking like a bullwhip  
I'll tie it down with a tight fit, yeah  
And it's a rock and roll rodeo  
You know I'm gonna stomp, yeah

Yeah yeah yeah  
You know I'm gonna  
You know I'm gonna  
Stomp
