

# I Feel the Burning Sun

Crowbar

Beneath the ruins of man  
I've learned to take my time  
You may not understand  
The things that burn my mind.  
Before I'm gone  
Conquer it all  
Hope still not gone  
Conquer it  
On to the road I've paved  
I feel the burning sun  
It's my own life I've saved  
I'm not the only one.  
I found a new man underneath
