

# Night Like This

Crowder

If you've ever been gone then ran back home  
Make you sing freedom songs 'til the break of dawn  
We ain't singin' 'bout good, ain't singin' 'bout bad  
We're singin' 'bout life back from the dead  
Have you ever seen a sunshine  
Comin' up in the morning

Ain't nothin' better than a night like this  
Music as loud as me and my friends  
On a Saturday night that ain't ever gonna end  
Ain't nothin' better than a night like this  
No, there ain't nothin' better than a night like this

No, there ain't nothin' better, better  
Ain't nothin' better than a night like this  
No, there ain't nothin' better, better  
Ain't nothin' better than a night like this

If you've heard your name been called out loud  
Like Lazarus come back from the ground  
We ain't singin' 'bout good, ain't singin' 'bout bad  
We're singin' 'cause we're alive and ain't dead

Have you ever seen a sunrise  
On an Easter morning  
On an Easter morning

Ain't nothin' better than a night like this  
Music as loud as me and my friends  
On a Saturday night that ain't ever gonna end  
Ain't nothin' better than a night like this  
No, there ain't nothin' better than a night like this

No, there ain't nothin' better, better  
Ain't nothin' better than a night like this  
No, there ain't nothin' better, better  
Ain't nothin' better than a night like this

And it's only gonna get better than this  
I can only imagine what comes next

Ain't nothin' better than a night like this  
Music as loud as a church house gets  
On a Sunday night that ain't ever gonna end  
Ain't nothin' better than a night like this

Ain't nothin' better than a night like this  
Music as loud as me and my friends  
On a Saturday night that ain't ever gonna end  
Ain't nothin' better than a night like this

No, there ain't nothin' better, better  
Ain't nothin' better than a night like this  
No, there ain't nothin' better, better  
Ain't nothin' better than a night like this
