

# Raised By Wolves

Cruadalach

Raised by wolves

He was thrown away like a piece of shit  
Left to carry on through the modern world  
No direct track no good advice  
He was left behind with the wolves

In this word full of mess  
Howling to the moon  
Survival is success  
Every time he wants more

Raised by wolves

Lost in the heaven?  
Not in my view  
This shit is happening  
Not jungle just modern world  
Modern world

Raised by wolves in this world of mess  
Left to carry on to his happiness  
Raised by the wolves howling to the moon  
Will he survive or die alone?

In this word full of mess  
Howling to the moon  
Survival is success  
Every time he wants more

Raised by wolves in this world of mess  
Left to carry on to his happiness  
Raised by the wolves howling to the moon  
Will he survive or die alone?
