

2 Nights 2 Remember

Crush 40

In a city filled with fever that runs and runs all night
Never had this feeling ever in my life
Every minute's torture can't wait to feel the light
See your faces shining enough to light the night

Freeze my life let me hold it tight
Let this feeling fly ever more

I'm in love with...
2 nights 2 remember 2 nights no regret
Don't wake me up this dream ain't over yet
2 nights 2 remember tonight no regret
Lovin' every minute let it never end, oh yeah
Never ever end

Can it last forever, I'm begging on my knees
Can it just another hour
Like a junkie like a tease

Freeze my life let me hold it tight
Let this feeling fly ever more

I'm in love with...
2 nights 2 remember 2 nights no regret
Don't wake me up this dream ain't over yet
2 nights 2 remember tonight no regret
Lovin' every minute let it never end, oh yeah
Never ever end

Can it last forever, I'm begging on my knees
Can it just another hour
Like a junkie like a tease

I'm in love with...
2 nights 2 remember 2 nights no regret
Don't wake me up this dream ain't over yet
2 nights 2 remember tonight no regret
Lovin' every minute let it never end, oh yeah
Never ever end

Can it last forever, I'm begging on my knees
Can it just another hour
Like a junkie like a tease
