

Mean Streak

Cryonic Temple

Hey you what you gonna do, fearing the hour
Hey you what you say, don't matter after today
Audience is cheering, who be the champion
Adrenaline is running in your veins

It's time to prove who is the king
It's time to enter the sacred ring

Mean streak - saved by the bell
Mean streak - who is going down
Mean streak - saved by the bell
Mean streak - there can only be one

Remember all the hours of lonely practice
Blood, sweat and tears, many hours at the gym
Now is your moment now is your break
Two men enter but only one return

It's time to prove who is the king
It's time to enter the sacred ring

Mean streak - saved by the bell
Mean streak - who is going down
Mean streak - saved by the bell
Mean streak - there can only be one

Mean streak - saved by the bell
Mean streak - who is going down
Mean streak - saved by the bell
Mean streak - there can only be one
