The Gatekeeper

Cryonic Temple

Here I stand as a wall of stone I'm the one who protects you Metal armed leather clone I am here to shock you Keep away if your aim's not pure There's no way you can fool me Feel no mercy you better be sure You most fight to get trough me

My heart is steel x2

All I want to do is standing at the Gate Guard it with my life, I'll do it 'til I die You will never know who I really am The Guardian of light or Guardian of the dark

Here I stand, I don't care why I just do what they tell me Have no fear I'm ready to die You will see what I'm saying
