

Am I Free?

Crystal Ball

Sometimes I need a sign to get the power
The sharp pain inside is killing me

I'm waiting for my turn
It seems so unreal
I won't take control
Just tell me I'm wrong

I don't look back
I lost my way
No fairytale
Escape from burning hell
Yes, I can tell

Am I free?
Yes, I'm free and I see
The door is open
I just turned the key
Am I free?
Yes, I'm free and I see
The door is open
I just turned the key

Why can't I find the minds that made me strong?
Why can't I learn to feel what's right and wrong?

Too blind to see that I'm an ignorant child
The hurt inside my heart is so hard to hide

I don't look back
I lost my way
No fairytale
Escape from burning hell
Yes, I can tell

Am I free?
Yes, I'm free and I see
The door is open
I just turned the key
Am I free?
Yes, I'm free and I see
The door is open
I just turned the key
