

You Bring Out the Lover in Me

Crystal Gayle

Made up my mind the last time
I was gonna let you go
Next time you did me wrong
I was gonna be strong
You'd come back and I'd say no
Oh but

You bring out the lover in me
Just can't help myself when you're around
Talk is tough but the body's so weak
You bring out the lover in me
You bring out the lover in me

Dead bolt lock on the front door
I called and had my number changed
But all defenses fell
When you rang my bell
Now look who's holding who again
Oh yeah

You bring out the lover in me
Just can't help myself when you're around
Talk is tough but the body's so weak
You bring out the lover in me
You bring out the lover in me

See your face (Yeah, yeah)
Hear your voice (Yeah, yeah)
Lost my cool like a fool
'Cause I got no choice

You bring out the lover in me
Just can't help myself when you're around
Talk is tough but the body's so weak
You bring out the lover in me

You bring out the lover in me
Just can't help myself when you're around
Talk is tough but the body's so weak
You bring out the lover in me

You bring out the lover in me
Just can't help myself when you're around
Talk is tough but the body's so weak
You bring out the lover in me

You bring out the lover in me
Just can't help myself when you're around
Talk is tough but the body's so weak
You bring out the lover in me
