Crystal Lewis

I GOTTA MESSAGE FOR YOU  
Think you'll understand  
Yeah, don't wanna force it down you  
Just wanna share the plan  
Now baby c'mon  
I'm not so crazy now  
Neither are you  
Not with all I've been through  
If you see the light ahead of you  
And you don't like what you're going through  
If you don't wanna wear the Devil's crown  
Breakdown!  
You've got something to tell me  
You'd better spit it out, Yeah  
But if you try to sell me  
I think you better stand back  
Baby, C'mon, I wasn't born yesterday  
Oh no no, and neither were you  
Not with all you've been through  
If you see the light ahead of you  
And you don't like what you're going through  
If you don't wanna to wear the Devil's crown
