

Resurrection Suicide

Crystal Tears

Shadows are falling and hellhounds are howling tonight
Too late for regrets
Sins of omission and death's on a mission of life
A cosmic reset

Oppression, regression, brutalized inspiration
Awakened human parasite
disorder, beholder, erase 'em all, game over
It's resurrection suicide

Farewell my friends I bid you all in silence - DISSOLUTION
We'll meet again a new born world reliance - RETRIBUTION
It's a game of symmetry, neutral balanced destiny
A brave new life A.D. - EVOLUTION

Oppression...
