

Body Music

Crystal Waters

Talk softly, look hard (Can you feel it?)
Walk lightly, feeling kinda strong
You don't know me but I can turn it out
You don't see me
But I sure enough get around
Get up early every morning
Just to give ya what your body's yearning

Body music... body music
Feel your body... turn it round
Body music... music body
Gettin' down...heaven bound
Body music... rock your body
Feel your soul... let it out
Body music... love your body
Music body... want it now
Anybody be somebody, don't you be afraid
Want your body, need you body, love to be made
Let the music be your freedom
Work it out and use your body baby

Smile shyly
Want me, want me more
Kiss me gently then take it, take it home

You don't know me, but I've got to get it out
You don't need me but I've kinda got it down
Can't you hear the rhythm callin', know it
Baby it's what your body's yearning

Body music... body music
Feel your body... turn it round
Body music... music body
Gettin' down...heaven bound
Body music... rock your body
Feel your soul... let it out
Body music... love your body
Music body... want it now
Anybody be somebody, don't you be afraid
Want your body, need you body, love to be made
Let the music be your freedom
Work it out and use your body baby

Body music... body music
Feel your body... turn it round
Body music... music body
Gettin' down...heaven bound
Body music... rock your body
Feel your soul... let it out
Body music... love your body
Music body... want it now

You're out of time, there's no wait, there's no line
Nowhere to run, no place to go, now you're mine
Anybody be somebody, don't you be afraid
Want your body, need you body, love to be made
Let the music be your freedom

Work it out and use your body baby

(So use your body baby)

Body music... body music

Feel your body... turn it round

Body music... music body

Gettin' down...heaven bound

Body music... rock your body

Feel your soul... let it out

Body music... love your body

Music body... want it now

Anybody be somebody, don't you be afraid

Want your body, need you body, love to be made

Let the music be your freedom

Work it out and use your body baby

Body music... body music

Feel your body... turn it round

Body music... music body

Gettin' down...heaven bound

Body music... rock your body

Feel your soul... let it out

Body music... love your body

Music body... want it now

Anybody be somebody, don't you be afraid

Want your body, need you body, love to be made

Let the music be your freedom

Work it out and use your body baby
