

Female Intuition

Crystal Waters

I see you there feeling unsure
You think you want me, hey but I want you more
There's nothing to lose maybe a bruise or two
If you only knew what was here waiting for two

Patience of a mother's love,
I'll let you grow in your own time
Put your trust in me,
I'll kiss away the pain, you'll be fine

We can play hide and seek, boo and peak
It don't matter to me
I've got time I can wait
I know you're gonna bring your love to me
Don't you rush, make it pure
When the time is right baby I'm yours
How do I know?, call it female intuition

I've been waiting for you, for all my life
You think that's strange hey but you don't know I'm right
Won't make you do what you don't want to
Just know it was born in my heart to love you

Patience of a mother's love,
I'll let you grow in your own time
Put your trust in me,
I'll kiss away the pain, you'll be fine

We can play hide and seek, boo and peak
It don't matter to me
I've got time I can wait
I know you're gonna bring your love to me
Don't you rush, make it pure
When the time is right baby I'm yours
How do I know?, call it female intuition

A woman feels what a man conceals
If something's wrong, I get a premonition
Call it female intuition

We can play hide and seek, boo and peak
It don't matter to me
I've got time I can wait
I know you're gonna bring your love to me
Don't you rush, make it pure
When the time is right baby I'm yours
How do I know?, call it female intuition
