

Lover Lay Low

Crystal Waters

I know it does seem right
Can you feel the pain inside
I know I belong to another man
But I'm in love with you
Hold on
Baby be strong
My heart says it's time to
Time to let him go
I know you want to be near
I'd love to have you here
It's just not the place
Let's not make any mistakes
My dear
My dear
Have no fear
No fear
I waited so
But for now

Lover lay low
Lover lay low
I promise you I'm gonna let him go
Lover lay low
Lover lay low
I promise you I'm gonna let him go

As he got on my side
He sees the tears I hide
The best that [...]
Is heaven
Just to be with you
Hold on
Baby be strong
I'm faithfully just right to
Right to let him go

I know you'd love to give more
Cause there's so much hurt in store
I have to give myself the courage
Throw of this shell
My dear
My dear
Have no fear
No fear
I waited so [...]
But for now
Lover lay low
Lover lay low
I promise you I'm gonna let him go
Lover lay low
Lover lay low
I promise you I'm gonna let him go

And now wish
Things would change
But my best just
Walked away

Nothing going on
For those away
This is what be
Believe what I say

Lover lay low
Lover lay low
I promise you I'm gonna let him go
Lover lay low
Lover lay low
I promise you I'm gonna let him go
