

## On My Mind

Crystal Waters

Fools rush in where angels fear to tread  
So I run to you, my heart well above my head  
You've got to roll with it 'cause it feels good to me  
It's kinda outta sight  
Yes it's kinda outta sight both day and night  
Imagination or do I get to you, I do

'Cause your love is on my mind  
Your kiss worth all my time  
Your love is one in a million  
Your love is on my mind

Fools rush in where wise men never go  
Wise men never fall in love, so how do they know  
I've got to go for it 'cause it feels good now  
See the daylight hey baby take a bite  
And I will always care for you, I do

As I wander through the shadows  
I hold my head up high  
I don't know what you're thinking  
But I'll lie until you're mine

Your love is on my mind  
Your kiss worth all my time  
Your love is one in a million  
Your love is on my mind

As I wander through the shadows  
I hold my head up high  
I don't know what you're thinking  
But I'll lie until you're mine

Your love is on my mind  
Your kiss worth all my time  
Your love is one in a million  
Your love is on my mind

Your love is on my mind  
Your kiss worth all my time  
Your love is one in a million  
Your love is on my mind

Your love is on my mind  
Your kiss worth all my time  
Your love is one in a million  
Your love is on my mind
