My back was attacked
By Hallucinatory Mountains
My teeth are possessed by demons and devils
And I was by myself but not myself
Just me and bones and thoughts
Bonus gifts from the Valley
Aleph asks
"Were you eyeing the cruel candy store?"
Adam relies as eye as I:
"On my stomach I was written as 'Squatter'"
On 26 April 2007
I dreamed six or 3 suns in my face
Six or 3 in my body
And six elsewhere
I swallowed them with you
And then I caught Kronos
At 666Tupperware©©© Time
Gods in plastic boxes
Crowns with cats' heads on them
Women surrounded by grills and gates
The vultures are compressed into mealbricks
Darker than white
But brighter than white
