

Leaf Upon The Wind

D-Side

I never thought that I would see
Someone as beautiful to me
And when you leave I'm lost again
Just like a leaf upon the wind

I never thought I'd feel like this
I long for your touch, your giving kiss
My hearts a crying violin
I'm like a leaf upon the wind

My world is torn it two
My life it longs for you
In everything we do
When you are mine
I lose all common sense
Let down my self defence
Beg for the loneliness to end.....

When you are near I'm standing tall
Just like a soldier off to war
But when you're gone the fight begins
I'm like a leaf upon the wind

My world is torn it two
My life it longs for you
In everything we do
When you are mine
I lose all common sense
Let down my self defence
Beg for the loneliness to end.....

After the storm the clouds will break
But in my mind nothing has changed
I'm all alone, I'm here again
Just like a leaf upon the wind
