Bitches always be all... giggling and shit. (come on BITCH)
But they get mad when there favorite song don't come on in the club.
Catch an attitude and shit
We got one for them. goes like this

[Verse 1: Eminem]

We wrote a song for the hoes
You like to hear? Here it goes
A little something you probably won't hear on your radio
So when it comes on in the club it's one that everyone knows
And if I'm talking too fast it just means you're listening too slow
And if you listen a little faster maybe you'll catch up, Bitch
Jew Ja Jaw Jaw Da Dun Jew Ja
You just made me mess up, Bitch
Bleeb Blab Blah Blah Blah Blah
It don't matter, I'm just blabbering
Like you understand what I'm saying Anyway
I'm just traveling In one ear and I'm out the other
You're so fucking drunk all you hear is the Beat the beat
I could be saying anything Get ya ass on the floor
Wear the same pants that you wore from the day before
Baby and shake that ass like a whore

[Chorus]

Yeah I'm talking to you BITCH (get up and dance bitch)
Wiggle that ass BITCH (yeah that's it. yeah I called you a bitch)
What you going to do about it BITCH?
Sit there and cry like a little BITCH? BITCH.

Get up and dance BITCH (wiggle that ass bitch)
You little trash BITCH (yeah that's it. yeah I called you a trash bitch)
Not trailer trash SWITCH
Take the person you with and exchange partners

[Verse 2: Swift]

Tell me that it ain't no hanging, and fuck calling home
Until you look at me before you answer the phone
When I flee, your ass can get as naked and be as free
As you wanna be freak
But I'm taking the key with me.
You ain't gonna get shit, so don't even ask
Disrespect my wishes, I'll beat your ass
Watch me coming home floor eating half of your doggy bag
And I leave laughing, while you calling me on the rag
I'm the type that might cut off the lights when I hit
And before she cut them on, Kuniva already SWITCHED
Your ass ain't even riding with Swift unless your going
When I'm done, I throw you out and ask you where you going

[Verse 3: Bizarre]

Hoe ain't the only thing you call a girl
Slut, Tramp, (oh, how you doing CHERYL?)
Ever since I was 8, I been starting to hate
I said fuck the Ho's, started eating cheese cake
Scrambled eggs and steak, strawberries and grapes
Damn that sounds great, hold on wait (Bizzy)

OK, back to the bitches, wash the dishes after that
Give me stitches. a fucking half Indian chick, suck my dick
This time tomorrow, I wont remember shit
Got respect for a player, got on snoop gators
And they ain't Now-and-Laters, bitch
