

# Never Ending Tide

Damien Jurado

I am standing on her shore  
With the anchor and the oars  
She's gonna move you like the never ending tide

And I'm standing on her shore  
With the mermaids and the whores  
She's gonna move you like the never ending tide

She's gonna move you like the never ending tide  
She's gonna move you like the never ending tide  
She's gonna move you like the never ending tide  
She's gonna move you like the never ending tide  
She's gonna move you like the never ending tide  
She's gonna move
