

Cherrybomb

Dan Auerbach

Wanna find me a flame who wants to burn with me
Not a cherrybomb who wants to turn on me
Even sweeter than an apple pie
But she doesn't care enough to try

Cherry
Cherrybomb
Cherry
Cherrybomb

Took a job at the mist so I could earn for it
Make her pretty and all the heads going to turn for it
As soon as the money went away

My cherry blew up right in my face

Cherry
Cherrybomb
Cherry
Cherrybomb

So if you ever going' climbing in a cherry tree
Remember what cherry she done to me
I thought our love was strong
But the fuse just wasn't that long

Cherry
Cherrybomb
