

Airplane Blues

Dan Bern

I got a woman
She's aaaaaaalways out of town.
I've got a woman
She's always out of town.
I'm gonna buy me an airplane,
I'm gonna fly that woman down.

That woman that left me
She ain't never satisfied.
That woman that left me
She ain't never satisfied.
She's gonna ride with me in the airplane
Next time i take her for a ride.

Next time ? fly
I'm gonna take her for a trip
Down across the world
Next time we fly
Gonna take her for a trip down across the world
She's gonna take off
Just like that old flying squirrel

I got a woman
She's always out of town
She's always out of town
I'm buying an airplane
I'm flying that woman down
