

Bush Must Be Defeated

Dan Bern

Bush must be defeated
Bush must be defeated
Bush must be defeated
Bush must be defeated

Bush must be defeated
His evil gang unseated
His base of power deleted
His energy depleted

Bush must be defeated
Further services unneeded
His departure speeded
There's a land but you don't lead it

Bush must be defeated
The rose garden weeded
A new frontier re-seeded
We'll no longer let you bleed it

Bush must be defeated
This mistake not be repeated
Our desires not go unheeded
We will not twice be cheated

Bush must be defeated
His goodbye coffee heated
His inaugural spats uncleaned
His White House bed short-sheeted

Bush must be defeated
His welcome's been exceeded
Successors must be greeted
The imposter excreted

Bush must be defeated
Bush must be defeated
Bush must be defeated
Bush must be defeated
