

# Monopoly Money

Dan Bull

Me? I rap about games!  
Yeah, we've gathered that by now  
Who said I can't rap about board games, bruv  
Somebody... presumably  
Keepin' it old school, init bruv?  
Yes it is  
Check it!  
Ch-check it...

I'm not a property magnate  
I'm a property magnet  
Your offers, I'm knocking them back quick  
As if I'm popping a tablet  
Not stopping 'til I've got in the last bid  
I splash quids side to side like my ad libs  
Damn rich! Made of bread like a sandwich  
Six figure plus cash sums are my language  
Turning every opportunity to my advantage  
So I can afford anything I've ever fancied  
Shh! Here's an advanced tip to fill up your bank quick  
Buy everything you fricking can while you're in transit  
Take out the other gangs quick, bloods and crips  
Make their bank balance even tighter than your hand grips  
Fingers clamp tipped like a titanium vice when I'm shaking the dice  
You didn't take my advice and I'm not saying it twice  
Alright, I'm saying it twice  
I'm bankrupting you so say your goodbyes  
Uhh

Do not pass Go  
And do not collect \$200

I'm a cataclysm of capitalism  
Stacking the dividends as I rap on the rhythm  
I'm lacking humility, never lacking in income  
This isn't a city, it's a kingdom  
I got dat Monopoly money  
You're not going to take my property from me  
I got dat Monopoly money  
You're not going to take my property from me

I'm not going to lie; the Monopoly guy  
Looks impossibly fly in a top hat, moustache and a tie  
I properly rock at Monopoly  
You're probably not going to topple me  
Even if your house burned down it wouldn't be hot property  
Got money on my mind, I might require a lobotomy  
I'm all about the green and I'm not discussing botany  
But ruck with me and I might need to lick some broccoli  
You're economically unsound like an art degree  
My pocket's deep enough to feed everyone sleeping rough  
But you don't beat the competition treating poverty  
I'm really sorry that there's people that aren't eating properly  
I acknowledge it's a problem, but not for me  
What, you really think I'd know how to play fair?  
When I was raised in a hotel on Mayfair?  
I'd prefer to stay here, you can stay there

But as you're passing by, you'd better pay the fare

I'm a cataclysm of capitalism  
Stacking the dividends as I rap on the rhythm  
I'm lacking humility, never lacking in income  
This isn't a city, it's a kingdom  
Monopoly. Hot property  
I am Dan Bull and I rock a beat  
Monopoly. Hot property  
I am Dan Bull and I rock a beat

Has anyone ever actually finished a Monopoly game  
Without overturning the board and throwing little buildings everywhere?  
Not me... Not me  
Consoles? You're next
