

# Always Like This

Dan Croll

Sympathy comes out in the night  
Sympathy comes out of fright  
Oh,when it's cold outside  
Showing your lonely side  
It's always like this

But it's summer now and it's warm outside  
Take a bite and you're distracted  
For then is a little while  
That always makes you smile  
It's always like this

Step on me,come step in time  
Bring it in to the ringing shine  
Your heart,it feels so close  
Like the ground beneath my toes

It's always,it's always  
It's always,it's always like this  
It's always,it's always  
It's always,it's always like this

It's always,it's always  
It's always,it's always like this  
It's always,it's always  
It's always,it's always like this

It's always,it's always  
It's always,it's always like this  
It's always,it's always  
It's always,it's always like this
