

## Do You Have To?

Dan Croll

Are you sure that you've got to leave?  
Won't you stay for a while?  
So I'm safe from the thought that I'm all on my own  
For thousands of miles, tell me

Do you have to go (x2)  
Do you have to leave me  
Do you have to,  
Have to (x6)

Since you've been gone I have longed for a voice  
That's not my own  
Try as I mind, I'm so sick of the sight  
Of my shadow in here, tell me

Do you have to go (x2)  
Do you have to leave me  
Do you have to,  
Have to (x6)

Do you have to go  
Do you have to leave  
Do you have to go (x2)  
Do you have to leave  
Do you have to, have to  
Have to (have to) (x2)  
Have to  
Have to (have to) (x2)
