

Maybe I'm Missing You Now

Dan Seals

You said I'd be sorry if I ever let you go
And I was so sure I'd get by
I never knew you could hold me down
Maybe I'm missing you now

Here I am alone
Like I said I wanted but, my heart is empty
No love have I found
Maybe I'm missing you now

We made a promise, for better or worse
Oh, this is the worse that I've been
I've run out of reasons to hide anyhow
Maybe I'm missing you now

We made a promise, for better or worse
Oh, this is the worse that I've been
I've run out of reasons to hide anyhow
Maybe I'm missing you now

Just maybe I'm missing you now
